Available upon request

## TECHNICAL SKILLS

Languages: Typescript, Python, SQL, C.  
Frameworks & Libraries: Remix, Next, React, React Router, React Native, SvelteKit, FastAPI.  
DB & ORMs: SQL, PostgreSQL (Drizzle, Prisma).

## EXPERIENCE

### DEVELOPER / ICT TECH - MIN - TOURISM AND ENVIRONMENT

FEB 2026 - PRESENT

Architected and deployed scalable full-stack applications using a modern, performant tech stack.  
Streamlined internal workflows by implementing API-first integrations with core government systems.  
Optimized service availability and performance for critical public-facing portals.

### DEVELOPER - SYNETECS

APRIL 2025 - NOVEMBER 2025

Engineered responsive, modular UI components using Next.js to deliver high-quality user experiences.  
Managed frontend-backend communication by integrating client-side features with Laravel REST APIs.  
Focused on front-end performance, accessibility, and clean, reusable code structures.

### SOFTWARE DEVELOPER - HULHUMALE HOSPITAL

APRIL 2024 - APRIL 2025

Delivered robust full-stack solutions using the Remix framework to prioritize speed and data reliability.  
Developed secure REST APIs to enable seamless data exchange between legacy hospital systems.  
Built accessible, responsive interfaces focused on performance and operational efficiency.

### ASSISTANT ADMIN OFFICER - HULHUMALE HOSPITAL

JULY 2023 - APRIL 2024

Managed inventory sheets, ensuring accuracy and efficiency in inventory tracking.  
Improved workflows by automating routine tasks using Python Scripts and enhancing data Accessibility.  
Collaborated across departments to ensure seamless communication of updates.

### ACCOUNTS OFFICER - FENAKA CORPORATION LIMITED

SEPTEMBER 2019 - MARCH 2020

## PROJECTS & ACHIEVEMENTS

- Full-Stack Inventory Management System, Procurement System, Intranet.
